## MAHA celebrates the summer

- **MAHA employees had lots of fun at this year's MAHA summer party in Haldenwang**

### **Haldenwang, 15 July 2023.**

With bright sunshine and cloudless skies, nearly 1100 guests came to celebrate and enjoy the MAHA summer party in Haldenwang on the company's premises. All MAHA employees were allowed to bring their relatives to the party and proudly present their workplace. It was very interesting for the visitors to be guided through the production halls and to learn more about the creation of the MAHA product world.

A colourful entertainment program provided fun and games. The little guests could have beautiful fantasy masks conjured up on their faces or even get creative themselves with sidewalk chalk. Helium-filled balloons took off into the cloudless sky, and the future candidates for the Haldenwang Volunteer Fire Department were invited to try their hand at water target spraying. Of course, a bouncy castle could not be missing.

A small highlight was also the folk costume group from Altusried, which entertained the audience with their dances. The Haldenwang brass band musically framed the afternoon programme. There were also plenty of culinary delights on offer, such as cheese spaetzle, pizza, grilled food, sweets and much more, and of course no one had to go home thirsty. There was something for everyone.

It was an all-around successful celebration that will remain in great memory, and where many hard-working "MAHA hands" contributed to the success. Once again, MAHA employees proved their unbeatable team spirit!

### **MAHA – an overview:**

The MAHA Group is one of the world's leading manufacturers of workshop and vehicle inspection equipment. As a company with an international outlook, MAHA operates two production sites in Germany and the USA and a global sales and service network in over 150 countries. The company employs a total of more than 1,000 staff worldwide and generates sales of approximately €150 million.
